Business War Gaming Pwc

Business wargaming is an experiential group exercise where an organization can pressure test an existing strategy. Business war games help you create new plans and ideas by role-playing the competitors' strategy before making full-scale investments. Wargaming shakes things up, challenges norms, and takes a fresh look at the market through the lens of other key players.

What is Business War Gaming? | Proactive Worldwide

Drawing on military wargames to simulate battlefield conditions, commercial wargaming simulates a set of business conditions and challenges executives to design successful strategies that are able to evolve with the changing nature of the environment.

Dynamic Competitive Simulation: Wargaming as a Strategic Tool

Business war gaming or business wargaming is an adaptation of the art of simulating moves and counter-moves in a commercial setting. In a complex global and competitive world, formulating a plan without testing it against likely external reactions is the equivalent of walking into a battlefield without the right weapons or a plan to win. In situations where the cost of being wrong is high, war games can be very helpful to understand from a 360-degree perspective the external opportunities and ch
