However, with a camera as complex as this there is always something new to learn, and Gary's books do a superb job on that sort of thing." - John Treilbe "Your ebook Sony A7rII is the ONLY one of many photography books I have read that I have perused from cover to cover and continue to return to frequently.

Sony A9 Book by Gary L. Friedman

Thoughtography, also called projected thermography, psychic photography, nengraphy, and nensha (Japanese: 念写), is the claimed ability to "burn" images from one's mind onto surfaces such as photographic film by psychic means. While the term "thoughtography" has been in the English lexicon since 1913, the more recent term "projected thermography" is a neologism popularized in the 2002 U.S ...
